PROFESSIONAL SUMMARY

Full stack developer and technical lead with 19+ years of software development experience in the Microsoft ecosystem (.NET/C#). Currently at FUNCEF (one of Brazil's largest pension funds), leading a team of 20+ developers through a digital transformation program, including the complete modernization of the corporate ERP from Delphi to .NET 10 with React and TypeScript, on a microservices architecture with Docker, Kubernetes, and Azure DevOps. Responsible for pension and back-office systems serving 500 internal users and 200,000 external users. Hands-on experience applying AI to the development lifecycle and integrating AI capabilities into business systems. Microsoft certified (MCTS, MCPS, MTA). University lecturer and programming instructor, with strong Clean Code, mentoring, and technical communication practice.

TECHNICAL SKILLS

- **Languages:** C#, TypeScript, JavaScript, Python, SQL, Java, PHP
- **Backend:** .NET 10, ASP.NET Core, Web API, RESTful APIs, Microservices, Entity Framework Core
- **Frontend:** React, TypeScript, HTML5, CSS3
- **Databases:** SQL Server, Oracle, data modeling
- **DevOps & Cloud:** Azure DevOps, Git, CI/CD, Docker, Kubernetes
- **Artificial Intelligence:** AI-assisted development (GitHub Copilot and code assistants), LLM/AI API integration into business systems, Python for data and machine learning
- **Practices:** Software architecture, requirements engineering, Clean Code, code review, technical leadership, developer mentoring, project management (PMI)

PROFESSIONAL EXPERIENCE

FUNCEF — Fundação dos Economiários Federais (pension fund)

IT Specialist — Development Technical Lead | May 2017 – Present | Brasília, Brazil (remote)

- Technical lead of the development team (20+ professionals) and of the pension systems project; deputy to the Systems Coordination.
- Lead the technical front of the digital transformation: full modernization of the corporate ERP, migrating from Delphi to .NET 10 with React and TypeScript on a microservices architecture (advanced development stage).
- Development and evolution of pension and back-office systems serving 500 internal users and 200,000 members (external users).
- Software architecture definition, requirements engineering, code review, and technical mentoring.
- Adoption of AI in the development lifecycle and integration of AI capabilities into corporate systems.

- Stack: C#, .NET 10, React, TypeScript, SQL Server, Oracle, Docker, Kubernetes, Azure DevOps, Git, CI/CD.

Colégio Paulo de Tarso (school)

Technology and Robotics Teacher (part-time, in parallel) | Jun 2025 – Mar 2026 | São Paulo, Brazil

- Taught technology and robotics to middle school students, in parallel with the remote role at FUNCEF.

Codenation Mentorship Community

Mentor (volunteer) | Jun 2020 – Aug 2020 | Brasília, Brazil

- Mentored developers and data scientists in the AceleraDev acceleration program: coaching, feedback, and technical support.

UNIPLAN — University Center

Assistant Professor | Aug 2019 – Jul 2020 | Brasília, Brazil

- Lectured in the Systems Analysis and Development and Management Processes programs.

BrScan Tecnologia

Systems Analyst | Mar 2017 – May 2017 | Brasília, Brazil

- Analysis and development of .NET systems.

GEAP — Fundação de Seguridade Social (health/social security fund)

Systems Coordinator | Aug 2016 – Jan 2017 | Brasília, Brazil

- Managed the development team, IT contracts, corrective and evolutionary demands, and systems governance.

Comp Line Services Solutions

Systems Developer | Aug 2015 – Jul 2016 | Brasília, Brazil

- Development, maintenance, and documentation of systems; integration of web and mobile applications with RFID readers.

SENAI/DF — National Service for Industrial Training

Software Development Instructor | Nov 2013 – Nov 2015 | Brasília, Brazil

- Taught software development from beginner to advanced levels; coached students competing in the WorldSkills-affiliated Knowledge Olympics.

Earlier experience (2006 – 2014)

- **Hepta Informática** — Senior Systems Analyst (Jan 2014 – Mar 2014): .NET development and legacy system maintenance.
- **ATP Tecnologia e Produtos** — Senior Systems Analyst (Apr 2012 – Jan 2014): .NET development and legacy system maintenance.
- **PAR Corretora de Seguros** — Systems Analyst (Mar 2011 – Apr 2012): systems development for the insurance industry.

- **Next Sistemas e Consultoria** — Systems Analyst (Aug 2010 – Jul 2011): systems development and maintenance.
- **Mirante Tecnologia** — ASP Developer (May 2010 – Nov 2010): web development.
- **FPC Participações Corporativas** — Systems Analyst (Jan 2008 – May 2010): systems development and maintenance.
- **CAIXA Seguros** — Developer (2006 – 2008): systems development for the insurance industry.

EDUCATION

- **Postgraduate Specialization in Software Engineering with Applied AI** — UNIPDS (in progress, expected 2027)
- **Postgraduate Specialization in Higher Education Teaching** — Faculdade Focus (2022)
- **Postgraduate Specialization in Project Management (PMI)** — Faculdade Unyleya (2015)
- **Associate Degree in Management Processes** — Universidade Paulista (UNIP) (2020)
- **Associate Degree in Internet Systems** — UniAnhanguera (2011)

CERTIFICATIONS

- MCPS: Microsoft Certified Professional
- MCTS: .NET Framework 4, Web Applications — Microsoft
- MCTS: .NET Framework 4, Data Access — Microsoft
- MTA: Web Development Fundamentals — Microsoft
- MS: Programming in HTML5 with JavaScript and CSS3 — Microsoft
